Detailed Actions

1. Amendment received on 4/17/2006 is entered.

Claims 1, 3, 15, and 18 are amended.

New Claims 21-30 are entered.

Claims 1-30 are pending in the Application.

Response to the arguments

2. Applicants argue that previously indicated rejection of Claims 1-3, and 5-20 under U.S.C. 102 § 102 (b) as anticipated by Murray (6,687,110) is improper for currently amended Claims 1 and 15. The argument is convincing. The rejection is withdrawn.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Bruce Arkins on 6/20/2006.

3. In Claim 15 on Line 8 replace "a utility" with --a central utility control system--.

Allowable Subject Matter

4. Claims 1-30 are allowed.

The following is an examiner's statement of reasons for allowance:

5. Independent Claims 1 and 21 are allowable because none of the prior art of record disclose a system for controlling and monitoring a power distribution system comprising a switchgear mechanism for controlling connection to the power distributing system and electronic controls embedded within the switchgear housing unit into a single housing unit for monitoring and controlling the switchgear mechanism wherein the electronic controls include a digital interface configured to communicate control information for controlling the switchgear mechanism from the housing unit to another location in combination with the other claim limitations.

6. Independent Claim 15 is allowable because none of the prior art of record disclose a method for controlling and monitoring a power distribution system comprising steps of communicating via a long range communicating device of an electronic controls with a central utility control system and via a short range

communicating device with operator interface in combination with the other claim limitations.

Claims 2-14, 16-20, and 22-30 are allowable, because they are dependent on allowable claims.

Comments to reasons for allowance

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
